hope to work with you soon. suggestions. I strive to grow my skills everyday and on my work and am always open to other ideas/ not required of me. I appreciate all feedback I receive friendly and love to help however I can even when it's listening skills are well above average. I'm extremely customer oriented mind set and will never be caught am efficient in either setting. I have a very strong and independently on projects numerous times and many valuable qualities. I have worked both in groups as well as through my professional life I have gained As a design student at Eastern Washington University interrupting or speaking over another person. My
